Headaches

The locations of two of the most common eye strain headaches are shown by this cut.

If you are a sufferer from either of them you should see us about it.

Defective eyes that see well occasion the loss of much nervous energy. This constant nerve drain causes not only headaches, but many other ills.

RIGHT GLASSES remove the strain the cause removed the effects disappear. Wrong glasses may do more harm than no glasses.

Our glasses are right, we guarantee them to give entire satisfaction.

ORPHEUS SOCIETY—The annual election of officers of the Orpheus society will be held next Tuesday evening at 7:30 in the Presbyterian church parlors. A full attendance is requested. Rehearsal will follow election.

MIVEY-BEAUVAIS—James O. Mivey and Miss Sadie M. Beauvais were married last evening at 7 o'clock at room 13, Cotton Block, by Justice J. M. Burnett. The newly married couple left on the 7:30 train for Yuma which will be their home. Both parties are well known here having lived in Phoenix from childhood. The groom is better known as Jimmie and has many friends here as also has the bride who is a daughter of C. J. Beauvais.

HELPING THE POOR—The ladies of the Christian church are holding a very successful rummage sale on the corner of First and Washington streets. Any one having an extra supply of clothing is asked to donate it to this sale. The Mexicans and Indians at this time of the year are needing warm clothing, and it is an act of charity to place these articles at such a low cost that the poor may be benefited. Those willing to help in this cause may telephone Mrs. Donofrio, and all articles will be called for.

NEW SINGER COMES TO PHOENIX—Miss Ilo Harris of Ottawa, Kas., one of the leading singers of the west, has been engaged as an assistant teacher at Craven's School of Music, and will arrive in Phoenix the last of this week. Miss Harris has been a pupil of Mr. and Mrs. Cravens for four years, and is well prepared to take up the work made necessary by the growth of the vocal department in the school of music. Miss Harris is a charming young lady, and possesses an artistic temperament as well as a sympathetic quality of voice that appeals to the listener's heart. She will be a great addition to musical circles of Phoenix this season.

NEW CORPORATIONS—Articles of the following corporations were filed in the office of the county recorder yesterday: The Michigan Mining and Milling company; capital stock, \$2,000,000; incorporators, C. D. Peters, R. A. Sams and W. L. Perry. The El Rito Mining company; capital stock, \$5,000,000; incorporators, P. P. McLean, F. T. Frankard and S. V. Constant. Fawn Creek Oil company; capital stock, \$1,000,000; incorporators, E. R. Perry, W. R. Hawley and M. E. Lord. California Exploration company; capital stock, \$1,000,000; incorporators, E. L. Wagner, A. T. Snell and F. C. Langdon. The Ashley Oil and Gas company; incorporators, R. C. Rawlings and G. W. Denton.

A CHINESE CONSIGNMENT—United States Marshal McCord left last night for San Francisco with thirty-five Chinamen exclusive of Frank Moss and John A. Kurtz. The Chinese had all been gathered up in the southern part of the territory, about Douglas and Nogales within the last month. There are ten more to be deported but the number taken last night made a full car load. At the rate arrests are now being made by the time the marshal gets back there will be another full car.

THE FALL OF MAN—Rev. Dr. Lewis Halsey will preach at the Baptist church this morning, the subject being "The Fall of Man."

BIG STORY BUT WELL AUTHENTICATED—S. S. Green may not be able to raise as many votes as he would like for his party's ticket on election day, but he can undoubtedly raise sorghum. The evidence is at the board of trade room, where Mr. Green left yesterday a bunch of 167 head of sorghum, well filled out, and which grew from one seed. The cluster was isolated, so that there can be no mistake that all were the result of one germination. And that is not all, for the bunch was spoiled by cows eating three of the heads, which would have

made an even 150 stalks from one seed. How many seeds there are in the heads is a question, but the increase, if figured out, would run up into the hundreds of thousands.

INTERNATIONAL QUESTION—The breach in the Missouri colony here seems to be widening and relations between the Kyle and Drane factions are becoming very strained. Mr. Drane offers to compromise by appointing Mr. Kyle vice consul but Mr. Kyle refuses to accept the terms. He says his party having won a sweeping victory in the home government he is entitled to full consideration for he never expects to see long enough to get another chance. He says though, that he is a man of peace and rather than precipitate bloodshed he would consent to have the controversy referred to the Hague tribunal. Mr. Drane contends that although Missouri has come back into the union the Hague tribunal can have no jurisdiction till a treaty of peace has been approved by both governments.

A WELCOME VISITOR—Mr. Chas. A. Davis of El Paso spent yesterday in Phoenix, coming as a special agent and press representative of the Norris & Rowe circus. Mr. Davis has a great many friends here, made during a somewhat extended stay in Phoenix a couple of years ago, and all were of course glad to see him again. It will be remembered that at that time he was temporarily connected with the Oberlin Stock Co., as press representative, being an old acquaintance of some of its members. Mr. Davis has had wide experience as a manager and press agent but is forced to live in the southwest by reason of ill health. He is looking and feeling unusually fine at present, however, and is filling a short engagement with the Norris & Rowe people through this section. Later in the season it is probable he will return with some attraction under his own management.

The annual meeting of the stockholders of the "Arizona Publishing Company" will be held at the office of the company in Phoenix, Arizona, on Monday, November the 21st, at 10 o'clock a. m.
